Regarding the merger of NOKA AS

Today's Noka AS (reg. no. 925 922 897) has been decided to merge with Noka Drift AS (reg. no. 929 230 221), which will take effect in December 2024 (after the expiry of the six-week creditor period). Former Noka AS (org. no. 925 922 897) will then be deleted when the merger takes effect.

The business will continue unchanged in Noka Drift AS (reg. no. 929 230 221). In order to maintain the name of the business, Noka Drift AS will change its name to Noka AS during the creditor period.

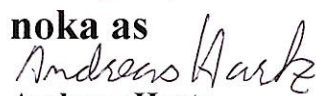

This means that Noka Drift AS takes over Noka AS's assets, rights and obligations as a whole in accordance with the rules on group mergers in section 13-2, second paragraph of the Norwegian Companies Act.

The decision to merge was registered on the 17 October. The six-week creditor period expires on November 29. Entry into force will take place in December 2024.

In practice, this means "business as usual", but with the exception that you have to update to the organization number for the "new" Noka AS.

Please contact the undersigned if there are any questions about this merger.

Best regards,

noka as

Andreas Hartz
